SUBJECT.

Admission of Military officers and their families into Special Ward in Hospitals at Concessional rates.

1 From the Senior Surgeon
No C. 1254-1 & 30.11.36

Forwarding copy of letter No C. 5-567 & 18.11.36 from the Chief Constable, M.S.R. on the above subject & recommends that military officers & their families may be admitted into special wards for treatment at half rates.

Submitted. In continuation to No. G. 3568-70/mily 336-19-9 & 12.8.1936, it has been ordered that all military officers & men of the Mysore Mily Dept be given free treatment in hospitals. The Senior Surgeon states that military officers occupying general wards are treated free accordingly, & that those that occupy special wards are charged in full according to the rules. But the present proposal of the Chief Constable seems to aim at bringing all the military officers & men into special wards & the levy of half rates of fees from them. It is not known whether this is the intention

GENERAL SECRETARY 1- DEC. 1936

To

The General Secretary to the Government of
His Highness the Maharaja of Mysore, Bangalore.

Sir,

With reference to Government Order No.G.3568-70/Mily. 336-19-9 dated 12th August 1920 directing that the Military Officers and men of the Mysore Military Department and their families be given free medical aid in the State Hospitals, I have the honour to forward herewith a copy of letter No.C.5-567 dated 18th November 1936 received from the Chief Commandant, Mysore State Troops, stating that the Military Officers who seek admission in the Victoria and the Krishnarajendra Hospitals find it difficult to stay in the General Wards and that they may therefore be admitted to the Special Wards free of charge. The Chief Commandant recommends that if it is not possible to admit them free of charge, at least half the rate may be charged for them, as the fee prescribed for the Special Wards is too high to be conveniently paid.

As per Government Order of 12th August 1920, such of the Military Officers as stay in the General Wards are treated free of charge. In the case of the Special Wards, the prescribed fee is recoverable from even the officers of the Military Department, in the absence of any definite orders of Government to the contrary. Government Order No.G.7723-7772 dated 31st December 1929 as modified by Government Order No. G.9113-62/Med.85-29-6 dated 1st February 1930, clearly lays down that the fee prescribed therein will be levied from all patients occupying Special Wards in the Victoria and the Minto Ophthalmic Hospitals, Bangalore and the Krishnarajendra Hospital, Mysore. At present therefore there is no rule to exempt the officers of the Military Department from payment of the prescribed fee. In view of the recommendation

P.T.O.

recommendation made by the Chief Commandant however, I propose that as in the case of the members of the staff of Government Hospitals, fee may be charged at half rates in future (please vide G.O.No.G. 11113-4/Med.298-34-4 dated 24-6-1935). I may note that it is necessary to prescribe at least half the fee not only in order to meet the expenditure incurred on their behalf but also to avoid over-crowding in the Special Wards.

I request early orders.

I have the honour to be,

Sir,

Your most obedient servant,

S. Subba Rao

Senior Surgeon.

Letter No.C.5-567/36-37 dated 18-11-1936, from the Chief Commandant, Mysore State Troops, Bangalore, to the Senior Surgeon in Mysore, Bangalore.

With reference to Government Order No.G.3568-70/Mily. 356-19-9 dated 12th August 1920 directing that Military Officers and men of the Military Department and their families be given free medical aid in the State Hospitals, I have the honour to state that Military Officers admitted in the Victoria and Krishnarajendra Hospitals for treatment, as in-patients find it inconvenient to remain in the General Wards, as they will then be mixed up with other ranks that may also be under treatment at the time. They are therefore to take up Special Wards, but the fees charged therefor, are very high.

In the British Indian Military Hospitals, it is usual to provide separate accommodation for the Officers and similar conveniences are necessary for these Officers in the State Hospitals also.

I therefore request you to kindly intimate if these Officers cannot be admitted free of charge into the Special Wards or any other Special accommodation provided for them.

If this is not possible I recommend that at least half the rate may be charged for them as they cannot afford to pay present charges. The favour of an early reply in the matter
